

Presentation Intensive™

overview

Our Presentation Intensive™ is a one-on-one forum that uses instruction and coaching feedback to prepare professionals to use public speaking techniques. Focusing on structure, speaking skills and executive presence, this 1 day program includes three digital-recordings of the participant's practice presentations.

Through a combination of instruction, demonstration & practice, participants in this experiential Intensive finesse their presentation skills. Instructor coaching throughout the day leads to greater mastery of delivery skills. By the end of the session, the participant projects greater poise and confidence and can effectively deliver presentations to all audiences.

BoldNewDirections
